

GXC6EC

High performance window extract fan

Xpelair GXC6EC is purpose designed for use in kitchens and utility rooms. It can be window or panel mounted as supplied. A trickle ventilation facility is available for background ventilation when not in use. GXC6EC is single speed and suitable for installation in single and double glazed windows.

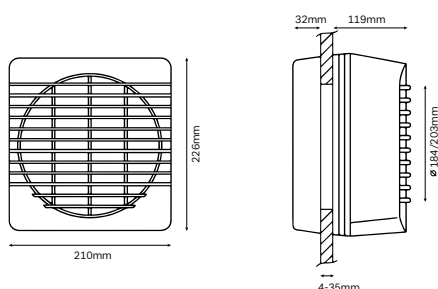

The fan has an EC motor which means that it operates at low power thus reducing running costs.

GXC6EC has an integral pullcord actuator.
